Re: Vacation & Conveyance Request

Please find enclosed our request for vacation of a pedestrian easement located on the north side of our property. Legal description is Lot 31 Sawgrass Park Plat 3. The easement is a ten-foot pedestrian easement originally plotted as part of Sawgrass park located behind our property. We have been told the easement is no longer part of any development plans for the park and therefore respectfully request a vacation of the easement.

Thank you for considering our request,
Matt & Kerri Alleman
