Dear Mr. Mueller:

This is the seventy-eighth progress report for the above referenced project and covers work through May 31, 2017. Our work through this period includes addressing final plan comments, coordination with Iowa DOT staff, and utility coordination of the Phase 1 portion of this project (I-35 NB Grading Project). Additionally, our work also includes the final design and plans for the Phase 2 portion of this project (I-35 NB Paving Project).

We are currently preparing the final design and plans for the staging and traffic control, staking, geometrics, jointing, and culvert and storm sewer sheets for the Phase 2 project.

We look forward to continuing working for the City and you on this important project. Should you have any questions on this update, please feel free to contact me. We will be in attendance at the July 3, 2017, council meeting to answer any questions regarding this invoice.
