AREA DESIGNATION

The Area was originally designated as appropriate for the promotion of economic development – commercial and industrial. The Area continues to be appropriate for the promotion of economic development – commercial and industrial.

DEVELOPMENT PLAN/ZONING

The City of Ankeny has a general plan for the physical development of the City as a whole outlined in the City’s Comprehensive Plan passed by Resolution on September 7, 2010 and last

Any urban renewal projects related to the need for improved traffic, public transportation, public utilities, recreational and community facilities, or other public improvements within the Urban Renewal Area are set forth in this Plan, as amended and restated. As the Area develops, the need for public infrastructure extensions and upgrades will be evaluated and planned for by the City.

PLAN OBJECTIVES

Renewal activities are designed to provide opportunities, incentives, and sites to promote economic development (commercial and industrial). The following objectives relate to future land use plans, the need for improved traffic, public transportation, public utilities, and other public improvements within the Area.

More specific objectives for the development, redevelopment and rehabilitation within the Urban Renewal Area are as follows:

2. To plan for and provide sufficient land for commercial development in a manner that is efficient from the standpoint of providing municipal services.

7. To improve the conditions and opportunities for economic development (commercial and industrial).

8. To help develop a sound economic base that will serve as the foundation for future growth and development.
9. To improve recreational, tourism, cultural, and educational opportunities.
10. To enhance the Ankeny community by fostering an entrepreneurial climate, diversifying the local economy, encouraging opportunities for new businesses, and supporting retention of existing businesses.

TYPES OF RENEWAL ACTIVITIES

To meet the objectives of this Urban Renewal Plan and to encourage orderly development of the Area, the City intends to utilize the powers conferred under Chapter 403 and Chapter 15A, Code of Iowa. Activities may include:

- New, rehabilitated, converted, or expanded commercial uses within the Area.

5. To provide for the construction of specific site improvements such as grading and site preparation activities, access roads and parking, fencing, utility connections, and related activities.
6. To acquire property through a variety of means (purchase, lease, option, etc.) and to hold, clear, or prepare the property for redevelopment.
7. To dispose of property so acquired (by sale, lease, exchange or otherwise) for purposes of private redevelopment.

12. To use any or all other powers granted by the Urban Renewal Act to develop and provide for improved economic conditions for the City.

Nothing herein shall be construed as a limitation on the power of the City to exercise any lawful power granted to the City under Chapter 15, Chapter 15A, Chapter 403, Chapter 427B, or any other provision of the Code of Iowa in furtherance of the objectives of this Urban Renewal Plan.

PREVIOUSLY APPROVED URBAN RENEWAL PROJECTS

Numerous urban renewal projects were authorized prior to the date of this Amendment; and are continuing. Such projects are not listed in this Amendment but consist of a variety of urban renewal projects.

ELIGIBLE URBAN RENEWAL PROJECT(S) (Amended and Restated Plan)

Although certain project activities may occur over a period of years, in addition to the projects previously proposed in the 1991 City of Ankeny Urban Renewal Plan, the Eligible Urban Renewal Projects under this Amendment include:

1. Public Improvements:

Project	Estimated Project Date	Not to exceed	Rationale
SW Cherry Street between SW 3 rd Street to SW 4 th Street, roadway and streetscape enhancements – including street parking, landscaping, lighting, and sidewalk improvements	2018 - 2027	\$300,000 - \$600,000	Continuation of economic development efforts by providing desirable amenities and parking for new and existing businesses.
SW 3 rd Street between SW Maple Street to SW Scott Street, roadway and streetscape enhancements - including street parking,	2018 - 2027	\$250,000 - \$500,000	Continuation of economic development efforts by providing desirable amenities and

landscaping, lighting, and sidewalk improvements			parking for new and existing businesses.
TOTAL		\$550,000-\$1,100,000	

2. Redevelopment Programs:

The City intends to evaluate the need for targeted programs to enhance the Uptown area of the 1991 Urban Renewal Area. Common programs utilized to promote redevelopment and revitalization in older town centers include façade improvement loans and/or grants, demolition incentives to clear blighted properties for redevelopment, and marketing and promotions funding to increase awareness and bring more businesses and patrons to the Uptown area. These types of activities may be considered on a project by project basis or as part of a larger, district wide program. Any future awards or programs considered under this category will be taken to the City Council for approval prior to implementation. The total cost of such activities shall not exceed \$1,000,000, unless the Plan is amended at a future time.

3. Tax Rebate or other Development Agreements:

Development Agreements: The City expects to consider requests for development agreements for projects that are consistent with this Plan, in the City's sole discretion. Such agreements are unknown at this time, but based on past history, and dependent on development opportunities and climate, the City expects to consider a broad range of incentives as authorized by this Plan, including but not limited to land, loans, grants, tax rebates, infrastructure assistance and other incentives. The City Council has in the past generally considered incentives such as property tax rebates ranging from 50% to 100% of the property tax increment generated from the increased assessed valuation by the construction of the eligible project. However, the City has discretion to change the use of incentives at any time without notice, depending on the facts and circumstances. Certain tax levies are not included as part of the property tax increment rebates, such as debt service levies, certain school levies, and other levies as may be determined by the legislature. The City's use of property tax increment rebates as an incentive for a project is also impacted by a project's use of or eligibility for tax abatement or other incentives. With this Amendment, the City has estimated the total costs to be funded or reimbursed from tax increment for all types of incentives described above within the entire Area. Accordingly, the costs of such development agreements in this Area will not exceed \$10,000,000, unless the Plan is amended at a future time.

4. Planning, engineering fees (for urban renewal plans), attorney fees, administration, other related costs to support urban renewal projects and planning

Project	Date	Estimated cost
Costs associated with attorney and bond counsel review of urban renewal activities and development agreements, economic planning and engineering related studies, and other administrative costs.	Market or program driven as need arises.	Not to exceed \$500,000

FINANCIAL DATA

1.	July 1, 2017 constitutional debt limit:	\$245,580,138
2.	Current outstanding general obligation debt:	\$129,162,000
3.	Proposed amount of indebtedness to be incurred: A specific amount of debt to be incurred for the Eligible Urban Renewal Projects (Amended and Restated Plan) has not yet been determined. This document is for planning purposes only. The estimated project costs in this Amendment are estimates only and will be incurred and spent over a number of years. In no event will the City's constitutional debt limit be exceeded. The City Council will consider each project proposal on a case-by-case basis to determine if it is in the City's best interest to participate before approving an urban renewal project or expense. It is further expected that such indebtedness, including interest on the same, may be financed in whole or in part with tax increment revenues from the Urban Renewal Area. Subject to the foregoing, it is estimated that the cost of the Eligible Urban Renewal Projects as described above will be approximately as stated in the next column:	\$12,050,000 - \$12,600,000 for future projects. This total does not include financing costs related to debt issuance, which will be incurred over the life of the Area.

URBAN RENEWAL FINANCING

The City of Ankeny intends to utilize various financing tools such as those described below to successfully undertake the proposed urban renewal actions. The City of Ankeny has the statutory authority to use a variety of tools to finance physical improvements within the Areas. These include:

A. Tax Increment Financing

Under Section 403.19 of the Iowa Code, urban renewal areas may utilize the tax increment financing mechanism to finance the costs of public improvements or economic development incentives associated with redevelopment projects. Upon creation of a tax increment district within the Area, by ordinance, the assessment base is frozen and the amount of tax revenue available from taxes paid on the difference between the frozen base and the increased value, if any, is segregated

into a separate fund for the use by the City to pay costs of the eligible urban renewal projects. Certain increased taxes generated by any new development, above the base value, are distributed to the taxing entities, if not requested by the City.

B. General Obligation Bonds

Under Division III of Chapter 384 and Chapter 403 of the Iowa Code, the City has the authority to issue and sell general obligation bonds for specified essential and general corporate purposes, including the acquisition and construction of certain public improvements within the Area or incentives for development consistent with this plan. Such bonds are payable from the levy of unlimited ad valorem taxes on all the taxable property within the City. It may be the City will elect to abate some or all of the debt service on these bonds with incremental taxes from this Area.

The City may also determine to use tax increment financing to provide incentives such as cash grants, loans, tax rebates or other incentives to developers in connection with urban renewal projects for commercial or industrial development, redevelopment, or other Urban Renewal projects. In addition, the City may determine to issue general obligation bonds, tax increment revenue bonds or such other obligations, or loan agreements for the purpose of making loans or grants of public funds to private businesses located in the Area for urban renewal projects. Alternatively, the City may determine to use available funds for making such loans or grants for urban renewal projects. In any event, the City may determine to use tax increment financing to reimburse the City for any obligations or advances.

Nothing herein shall be construed as a limitation on the power of the City to exercise any lawful power granted to the City under Chapter 15, Chapter 15A, Chapter 403, Chapter 427B, or any other provision of the Code of Iowa in furtherance of the objectives of this Urban Renewal Plan.

PROPERTY ACQUISITION/DISPOSITION

Notwithstanding prior plan provisions, the City will follow any and all applicable requirements for the acquisition and disposition of property upon terms and conditions in the discretion of the City Council.

RELOCATION

The City does not expect there to be any relocation required as part of the eligible urban renewal projects; however, if any relocation is necessary, the City will follow all applicable relocation requirements.

URBAN RENEWAL PLAN AMENDMENTS

The Urban Renewal Plan may be amended from time to time for a variety of reasons, including but not limited to, change in the area, to add or change land use controls and regulations, to modify goals or types of renewal activities, to add or change urban renewal projects, or to amend

property acquisition and disposition provisions. The City Council may amend the Plan in accordance with applicable state law.

EFFECTIVE PERIOD

The Amended and Restated Plan for the 1991 Urban Renewal Area will become effective upon its adoption by the City Council. Notwithstanding anything to the contrary in the original Urban Renewal Plan or any prior amendment, resolution, or document, the Urban Renewal Plan, as amended hereby, shall remain in effect until terminated by the City Council and the use of incremental property tax revenues, or the "division of revenue," as those words are used in Chapter 403 of the Code of Iowa, shall continue on the Area for the maximum period allowed by law. Because the original Plan was adopted in 1991, before the effective date (January 1, 1995) of the Iowa Code Section 403.17 requirement that the division of revenue be limited to twenty years in areas that are established on the basis of an economic development finding, the division of revenue in the Area has no statutorily required expiration date or sunset. The City self-imposed a sunset date in the original Plan that was not required by statute. The self-imposed sunset was June 30, 2001 and "thereafter for so long as necessary for incremental taxes pursuant to Section 403.19, Code of Iowa, 1989, or successor provisions, to fully pay all loans, monies advanced or indebtedness incurred by the City of Ankeny, Iowa, to finance or refinance the Urban Renewal Project". The City has certified for incremental taxes continuously since the Plan was adopted in order to pay for loans, monies advanced or indebtedness incurred by the City so the Plan's self-imposed sunset has not expired. The City hereby extends the ability to collect incremental property tax revenues from the Area to June 30, 2038 and thereafter for so long as necessary for incremental taxes pursuant to Section 403.19, Code of Iowa, 2017, or successor provisions, to fully pay all loans, monies advanced or indebtedness incurred by the City of Ankeny, Iowa, to finance or refinance projects approved prior to June 30, 2038.

REPEALER AND SEVERABILITY CLAUSE

Any parts of the original Plan in conflict with this Amendment are hereby repealed.

If any part of the Amendment is determined to be invalid or unconstitutional, such invalidity or unconstitutionality shall not affect the validity of the previously adopted Plan as a whole or any part of the Plan or Amendment not determined to be invalid or unconstitutional.
