**NOW ON THIS** 16 day of March, 2020, **Snyder & Associates, Inc.**,  
2727 SW Snyder Boulevard., Ankeny, IA 50023 (hereinafter, Professional), and  
**City of Ankeny, Iowa**

---

(hereinafter, Client) do hereby agree as follows:

1. **PROJECT:** Professional agrees to provide Professional Services (Services) for Client's project known and identified as: **N Ankeny Boulevard Landscape Improvements**
  
2. **SCOPE and FEES:** The Scope of and the fees to be paid for said Services are set forth on Exhibit A attached hereto and by this reference made a part of this Agreement. Any Services not shown on Exhibit A shall be considered Additional Services. Additional Services may only be added by written change order, amendment or supplement to this agreement signed by both parties.
  
3. **STANDARD OF CARE:** In providing Services under this Agreement, the Professional shall perform in a manner consistent with that degree of care and skill ordinarily exercised by members of the same professional discipline currently practicing under similar circumstances at the same time and in the same or similar locality. Professional makes no warranty, express or implied, as to its professional services rendered under this Agreement.
  - 3.1. Client shall promptly report to Professional any defects or suspected defects in the Professional's Services of which Client becomes aware so that the Professional may take measures to minimize the consequences of such a defect.
  - 3.2. Client further agrees to impose a similar notification requirement on all contractors in its Client/Contractor contract and shall require all subcontracts at any level to contain a like requirement.
  - 3.3. Professional shall correct any reported defects in Professional's Services at Professional's cost.
  - 3.4. No withholdings, deductions or offsets shall be made from the Professional's compensation for any reason unless the professional has been found to be legally liable for such amounts by a court of competent jurisdiction.
  
4. **CODE COMPLIANCE:** Professional shall exercise usual and customary professional care in its efforts to comply with applicable laws, codes and regulations in effect as of the date of this Agreement. Design changes made necessary by newly enacted laws, codes and regulations after the date of this Agreement shall entitle the Professional to a reasonable adjustment in the schedule and additional compensation in accordance with the Additional Services provision of this Agreement.
  - 4.1. In the event of a conflict between laws, codes and regulations of various governmental entities having jurisdiction over this Project, the Professional shall notify the Client of the nature and impact of such conflict. The Client agrees to cooperate and work with the Professional in an effort to resolve this conflict.

5. **ESTIMATES OF PROBABLE CONSTRUCTION COST:** Should Professional be requested and it is included in the Scope of Services to provide an estimate of probable construction cost, Client understands that the Professional has no control over the cost or availability of labor, equipment or materials, or over market conditions or the Contractor's method of pricing, and that the Professional's estimates of probable construction costs are made on the basis of the Professional's professional judgment and experience. The Professional makes no warranty, express or implied, that the bids or the negotiated cost of the Work will not vary from the Professional's estimate of probable construction cost.
6. **INFORMATION PROVIDED BY OTHERS:** All information, requirements, instructions, criteria, reports, data, findings, plans, specifications, and surveys required by this Agreement and furnished by Client, may be used by Professional in performing its services and Professional is entitled to rely upon the accuracy and completeness thereof. Professional shall not be held responsible for any errors or omissions that may arise as a result of erroneous or incomplete information provided by the Client and/or the Client's consultants and contractors.
7. **TIMELINESS:** Professional will perform its services with reasonable diligence and expediency consistent with sound professional practices.
8. **SCHEDULE OF SERVICES:** Professional is authorized to begin providing the Services as of the date Professional receives a fully executed original signature copy of this Agreement.
  - 8.1. Professional shall complete its services within a reasonable time; or, within the specific period(s) of time, if any, set forth in Exhibit A which are hereby agreed to be reasonable.
  - 8.2. Professional shall not be responsible for delays and/or for damages, if any, arising directly or indirectly from causes beyond the Professional's control. Such causes include, but are not limited to, strikes or other labor disputes; severe weather disruptions or other natural disasters or acts of God; fires, riots, war or other emergencies; failure of any government agency to act in a timely manner; failure by the Client or the Client's contractors or consultants to timely perform; or discovery of any hazardous substances or differing site conditions.
  - 8.3. If Professional is delayed, through no fault of its own, and the orderly and continuous progress of Professional's services is impaired or suspended; or, the Client authorizes or directs changes in the scope, extent, or character of the Project, then the time for the completion of Professional's services, and the rates and amounts of Professional's compensation, shall be equitably adjusted.
  - 8.4. If Professional is unable, through its own fault, to timely complete its services as required in this Agreement, including any adjustments thereto, then Client shall be entitled, as its sole remedy, to the recovery of direct damages, if any, resulting from such failure.
9. **CLIENT'S RESPONSIBILITIES:** Client understands and agrees that it will be responsible for and in a timely manner:
  - 9.1. Provide to Professional, at Client's cost, all known and existing information, plans, specifications and data pertaining to or affecting the Project; all criteria and full information as to Client's requirements for the Project; all construction standards which Client will require to be included in the plans and specifications; copies of all other entities findings and reports generated for Client with respect to this Project; and such other information as may be requested and reasonably required to enable Professional to complete its services under this Agreement.
  - 9.2. Provide for safe access to and make all provisions for Professional to enter upon public and private property as required for Professional to perform its services under this Agreement.

- 9.3. Coordinate the timing and sequence of Professional's services with the services of others to the Project.
  - 9.4. Provide reviews, certifications, authorizations, approvals, licenses and permits from all governmental authorities having jurisdiction over the Project or any part thereof and such reviews, certifications, authorizations, approvals, easements, rights-of-way and consents from others as may be necessary for Professional to complete its services under this Agreement.
  - 9.5. Give written notice to Professional whenever Client observes or otherwise becomes aware of any Project Site concerns, any defect or nonconformance in the performance of any Contractor or other Consultant working on the Project, or of any other event or development that may affect the scope or time of performance of Professional's services; and, also, give written notice of any defect or nonconformance of Professional's services.
  - 9.6. Provide services of an independent testing laboratory to perform all inspections, tests, and approvals of samples, materials, and equipment as may be required prior to the design of the Project, during the design and/or construction of the Project, or upon completion of the Project with appropriate professional interpretation thereof, unless such services are included within Professional's scope of services under this Agreement.
  - 9.7. Attend the pre-bid conference, bid opening, pre-construction conferences, construction progress and other job related meetings, and substantial completion and final payment Project Site visits.
10. **INVOICING AND PAYMENTS:** Professional shall prepare invoices in accordance with its standard invoicing practices and submit the invoice(s) to Client on a monthly basis. Client agrees to timely pay each invoice within 30 days of the invoice date.
- 10.1. Payments not paid within said 30 days shall accrue interest on unpaid balances at the rate of 1.5% per month (or the maximum rate of interest permitted by law, if less) from said 30th day. In addition, Professional may, after giving 7 days written notice to Client, suspend services under this Agreement until Professional has been paid in full for Services, interest, expenses and other related charges rendered, accrued, advanced and/or incurred by Professional to the date of suspension. **Client waives any and all claims against Professional arising out of or resulting from said suspension.** Payments will be credited first to accrued interest and then to unpaid principal.
  - 10.2. In the event legal action is necessary to enforce the payment terms of this Agreement, Professional shall be entitled to collect from Client and Client agrees to pay to Professional any judgment or settlement sum(s) due, plus reasonable attorneys' fees, court costs and other expenses incurred by Professional for such collection action and, in addition, the reasonable value of the Professional's time and expenses spent for such collection action, computed according to the Professional's prevailing fee schedule and expense policy. The formal mediation requirements in Paragraph 17, Dispute Resolution, shall not apply and are hereby waived for purposes of this subparagraph 10.2.

11. **INDEMNIFICATION:** To the fullest extent permitted by law, the Professional hereby agrees as follows:

11.1. With regard to the professional services performed and to be performed hereunder by or through the Professional, Professional agrees, to the fullest extent permitted by law, to indemnify and hold the Client harmless from any damage, liability or cost (including reasonable attorneys' fees and costs of defense) to the proportionate extent that Claims are caused by Professional's negligent acts, errors or omissions, or willful misconduct. The indemnity obligations provided under this section shall only apply to the extent such Claims are determined by a court of competent jurisdiction or arbitrator to have been caused by the negligence or willful misconduct of Professional or of consultants, subconsultants or anyone for whom the Professional is responsible under this agreement. The Professional shall have no duty to defend but shall reimburse defense costs to the same extent as the overall indemnity obligations herein. These indemnity obligations shall not apply to the extent said Claims arise out of, pertain to, or relate to the negligence of Client or Client's agents, or other independent contractors, including the contractor, subcontractors of contractor or other consultants of Client, or others who are directly responsible to Client, or for defects in design or construction furnished by those persons and/or entities.

11.2. With regard to any acts or omissions of the Professional in connection with this Agreement which do not comprise professional services, the Professional further agrees to indemnify, defend and hold harmless the Client from and against any and all claims, demand actions, causes of action, losses, liabilities, costs, reasonable attorneys' fees and litigation expenses (all of the foregoing being hereinafter individually and collectively called "claims") provided that any such claim is attributable to bodily injury, death, or property damage suffered or incurred by, or asserted against, the Indemnified Parties to the extent, but only to the extent, that the claims are the result of any negligent act or omission by the Professional, its consultants or subconsultants or anyone for whom the Professional is responsible under this agreement, excluding, however, bodily injury, death or property damage arising out of the rendering or failure to render any professional services by the Professional (which is covered by subparagraph 11.1 above).

11.3. To the fullest extent permitted by law, the Client agrees to indemnify and hold Professional harmless from any loss, damage, liability or cost (including reasonable attorneys' fees and costs of defense) to the extent caused by the Client's willful misconduct or negligent acts, errors or omissions.

11.4. Neither Client nor Professional shall be obligated to indemnify the other party in any manner whatsoever for the other party's own negligence or willful misconduct or for the negligence or willful misconduct of others.

12. **MUTUAL WAIVERS:** Notwithstanding any other provision of this Agreement, and to the fullest extent permitted by law, neither the Client nor the Professional, their respective officers, directors, partners, employees, contractors or subconsultants shall be liable to the other or shall make any claim for any incidental, indirect or consequential damages arising out of or connected in any way to the Project or to this Agreement.

13. **OWNERSHIP OF INSTRUMENTS OF SERVICE:** The Client acknowledges the Professional's plans, specifications, and other documents, including electronic files, as the work papers of the Professional and the Professional's instruments of professional service. Nevertheless, the final printed hard copy construction documents prepared under this Agreement shall become the property of the Client upon completion of the services and payment in full of all monies due to the Professional. The Client shall not reuse or make any modification to the construction documents without the prior written authorization of the Professional. The Client agrees, to the fullest extent permitted by law, to defend, indemnify and hold harmless the Professional, its officers, directors, employees and subconsultants (collectively, Professional) against any damages, liabilities or costs, including reasonable attorneys' fees and defense costs, arising from or allegedly arising from or in any way connected with the unauthorized reuse or modification of the construction documents by

the Client or any person or entity that acquires or obtains the construction documents from or through the Client without the written authorization of the Professional.

13.1. Under no circumstances shall the transfer of said instruments of service be deemed a sale by the Professional, and the Professional makes no warranties, either express or implied, of merchantability and fitness for any particular purpose, nor shall such transfer be construed or regarded as any waiver or other relinquishment of the Professional's copyrights in any of the foregoing, full ownership of which shall remain with the Professional, absent the Professional's express prior written consent.

13.2. Should Professional agree to delivery of electronic files to Client, Client agrees, as a condition precedent, to sign Professional's Electronic Media Transfer Agreement prior to said delivery and further agrees that such delivery is for convenience, not reliance by the receiving party.

13.3. The Client is aware that differences may exist between the electronic files delivered and the printed hard-copy construction documents. In the event of a conflict between the signed construction documents prepared by the Professional and the electronic files, the signed or sealed hard-copy construction documents shall govern.

13.4. The Client agrees not to reuse these electronic files, in whole or in part, for any purpose other than for the Project. The Client agrees not to transfer any of the delivered electronic files to others without the prior written consent of the Professional. The Client further agrees to waive all claims against the Professional resulting in any way from any unauthorized changes to or reuse of the electronic files for any other project by anyone other than the Professional.

14. **CERTIFICATIONS, GUARANTEES AND WARRANTIES:** The Professional shall not be required to sign any documents, no matter by whom requested, that would result in the Professional's having to certify, guarantee or warrant the existence of conditions whose existence the Professional cannot ascertain or in the sole judgment of the Professional, increase the Professional's risk or the availability or cost of its professional or general liability insurance. The Client also agrees not to make resolution of any dispute with the Professional or payment of any amount due to the Professional in any way contingent upon the Professional signing any such certification.

15. **RIGHT TO RETAIN SUBCONSULTANTS:** The Professional may engage the services of any professional as a subconsultant when, in the Professionals' sole opinion, it is appropriate to do so. Such subconsultants may include both general and specialized professional services deemed necessary by the Professional to carry out the scope of the Professional's services. Professional shall not be required by the Client to retain any subconsultant not fully acceptable to the Professional.

16. **SUSPENSION OF SERVICES:** If the Project or the Professional's services are suspended by the Client for more than thirty (30) calendar days, consecutive or in the aggregate, over the term of this Agreement, the Professional shall be compensated for all services performed and reimbursable expenses incurred prior to the receipt of notice of suspension. In addition, upon resumption of services, the Client shall compensate the Professional for expenses incurred as a result of the suspension and resumption of its services, and the Professional's schedule and fees for the remainder of the Project shall be equitably adjusted.

16.1. If the Professional's services are suspended for more than ninety (90) days, consecutive or in the aggregate, the Professional may terminate this Agreement upon giving not less than seven (7) calendar days' written notice to the Client.

16.2. If the Client is in breach of the payment terms or otherwise is in material breach of this Agreement, the Professional may suspend performance of services upon seven (7) calendar days' notice to the Client. The Professional shall have no liability to the Client, and the Client agrees to make no claim for any delay

or damage as a result of such suspension caused by any breach of this Agreement by the Client. Upon receipt of payment in full of all outstanding sums due from the Client, or curing of such other breach which caused the Professional to suspend services, the Professional will resume services and there shall be an equitable adjustment to the remaining project schedule and fees as a result of the suspension.

17. **DISPUTE RESOLUTION:** In an effort to resolve any conflicts that arise during the design and construction of the Project or following the completion of the Project, the Client and the Professional agree that all disputes between them shall be negotiated in good faith for a reasonable period of time. If the parties fail to resolve all of the issues, then those issues not so resolved shall be submitted to formal nonbinding mediation prior to either party exercising their rights under the law. Each party shall be responsible for their own attorney fees, mediation costs and litigation costs. The cost of the mediator shall be shared equally by the parties.

17.1. The Client and the Professional shall endeavor to include a similar mediation provision in all agreements with independent contractors and consultants retained for the Project and to encourage all independent contractors and consultants also to include a similar mediation provision in all agreements with their subcontractors, subconsultants, suppliers and fabricators, thereby providing for mediation, prior to the exercise of their respective legal rights, as the primary method for dispute resolution among the parties to all those agreements.

17.2. The Client and the Professional agree that this Agreement and any legal actions concerning its validity, interpretation and/or performance shall be governed by the laws of the State of Iowa without regard to any conflict of laws provisions, which may apply the laws of other jurisdictions.

17.3. It is further agreed that any legal action between the Client and the Professional arising out of this Agreement or the performance of the services shall be brought in a court of competent jurisdiction in the State of Iowa.

18. **TERMINATION:** In the event of termination of this Agreement by either party, the Client shall within fifteen (15) calendar days of termination pay the Professional for all services rendered and all reimbursable costs incurred by the Professional up to the date of termination, in accordance with the payment provisions of this Agreement.

18.1. The Client may terminate this Agreement for the Client's convenience and without cause upon giving the Professional not less than seven (7) calendar days' written notice.

18.2. Either party may terminate this Agreement for cause upon giving the other party not less than seven (7) calendar days' written notice for any of the following reasons:

18.2.1. Substantial failure by the other party to perform in accordance with the terms of this Agreement and through no fault of the terminating party;

18.2.2. Assignment of this Agreement or transfer of the Project by either party to any other entity without the prior written consent of the other party;

18.2.3. Suspension of the Project or the Professional's services by the Client for more than ninety (90) calendar days, consecutive or in the aggregate;

18.2.4. Material changes in the conditions under which this Agreement was entered into, the Scope of Services or the nature of the Project, and the failure of the parties to reach agreement on the compensation and schedule adjustments necessitated by such changes.

18.3. In the event of any termination that is not the fault of the Professional, the Client shall pay the Professional, in addition to payment for services rendered and reimbursable costs incurred, for all expenses reasonably incurred by the Professional in connection with the orderly termination of this Agreement, including demobilization associated overhead costs and all other expenses directly resulting from the termination.

19. **THIRD-PARTY BENEFICIARIES:** Nothing contained in this Agreement shall create a contractual relationship with or a cause of action in favor of a third party against either the Client or the Professional. The Professional's services under this Agreement are being performed solely for the Client's benefit, and no other party or entity shall have any claim against the Professional because of this Agreement or the performance or nonperformance of services hereunder.

20. **ASSIGNMENT:** Neither party to this Agreement shall transfer, sublet or assign any rights or duties under or interest in this Agreement, including but not limited to monies that are due or monies that may be due, without the prior written consent of the other party. Subcontracting to subconsultants, normally contemplated by the Professional as a generally accepted business practice, shall not be considered an assignment or sublet for purposes of this Agreement (See paragraph 15 above).

21. **SEVERABILITY AND SURVIVAL:** If any term or provision of this Agreement is held to be invalid or unenforceable under any applicable statute or rule of law, such holding shall be applied only to the provision so held, and the remainder of this Agreement shall remain in full force and effect. Notwithstanding completion or termination of this Agreement for any reason, all rights, duties and obligations of the parties to this Agreement shall survive such completion or termination and remain in full force and effect until fulfilled.

22. **ENTIRE AGREEMENT AND MODIFICATIONS:** This Agreement and the following Exhibits which are incorporated by this reference and made a part of this Agreement:

- |                  |                               |                  |                              |

## EXHIBIT A – SCOPE OF SERVICES

### N ANKENY BOULEVARD LANDSCAPE IMPROVEMENTS

#### I. SCOPE OF WORK

##### A. GENERAL

The PROFESSIONAL shall provide Professional Services as required to complete the preparation and assembly of the PROJECT as follows:

1. The PROJECT includes the design and construction of intersection and traffic signal improvements at the intersections of N Ankeny Boulevard (US Highway 69) with 5<sup>th</sup> Street, 9<sup>th</sup> Street, 11<sup>th</sup> Street, and 18<sup>th</sup> Street. The traffic signal improvements will consist of providing Accessible Pedestrian Signals (APS) with additional pedestal poles, as needed.
2. The PROJECT includes sidewalk and landscaping improvements at the four corners of each of the four side street intersections with N Ankeny Boulevard, and median landscaping improvements from the north project limits of the 2018 Ankeny Boulevard & First Street Intersection Improvements Project to the north leg of the 18<sup>th</sup> Street intersection. There are a total of 12 raised medians in the project limits. Irrigation is included with the design for each of these areas. These improvements will be based on the May 5, 2017, N Ankeny Boulevard Landscape Improvements concept plan, and the design and plans developed for the Ankeny Boulevard and First Street Intersection Improvements Project constructed in 2018 and 2019.
3. The PROJECT includes the reconstruction of the raised medians and left turn lanes on the north and south legs of the N Ankeny Boulevard and 18<sup>th</sup> Street intersection. The reconstruction will provide offset left turn lanes on these two approaches.
4. The PROJECT includes fiber optic upgrades along N Ankeny Boulevard between the 1<sup>st</sup> Street and 18<sup>th</sup> Street intersections. These upgrades will incorporate new conduit, handholes, and circuits in the fiber optic system.
5. The PROJECT includes replacing curb and gutter pavement in poor condition along the raised medians within the project limits. The replacement limits will be coordinated with Iowa DOT District 1 staff.

6. The PROFESSIONAL will complete design, plans, contract documents, specifications, and bid phase assistance, defined in Article I.B, for the proposed PROJECT.

**B. BASIC ENGINEERING SERVICES**

The PROFESSIONAL shall provide the Basic Engineering Services as follows.

**1. PROJECT ADMINISTRATION AND COORDINATION**

- a. Monthly progress reports.
- b. Monthly billing reports.
- c. Project coordination for engineering and coordination with the CLIENT, Iowa DOT, and utility companies, as needed.
- d. Project design review with the CLIENT, as needed.
- e. One meeting with Iowa DOT District 1 staff and the CLIENT to review curb replacement limits, construction staging, landscaping improvements, and project schedule.

**2. SURVEY AND BASE DRAWINGS**

The PROFESSIONAL shall provide topographic survey for proposed improvements. This service includes:

- a. Horizontal Datum will be provided using Iowa State Plane.
- b. Vertical Datum will be provided using NAVD 88.
- c. Set a minimum of one permanent benchmark on site with description and elevation to the nearest 0.01 foot. Larger sites will require benchmarks at intervals not to exceed 1000 feet horizontal or 25 feet vertical.
- d. Spot elevations displayed to the nearest 0.01 feet to be included for shots and are to be shown on a separate CADD drawing level to view when applicable. An approximate 25 foot grid will be used to create the topography map along with other grade breaks such as tops, toes, drainage ways, tops and bottoms of retaining walls, etc.
- e. Contours shall be shown at 1-foot intervals.

- f. Perform a field survey locating visible improvements such as structures, parking, signs, sidewalks, and other visible features above grade will be shown. Below grade non-visible structures or improvements will be shown from information as provided by site owner and would be approximate. Below grade non-visible structures may require further investigation if potentially in conflict with proposed site improvements. Existing building structures shown are not intended for architectural design or civil site plan design. Specific information required for that purpose should be provided by a specific scope of services. However, this service can be provided upon request with additional fees.
- g. The field survey will include the raised medians within the project limits, the four quadrants of the N Ankeny Boulevard intersections with 5<sup>th</sup> Street, 9<sup>th</sup> Street, 11<sup>th</sup> Street, and 18<sup>th</sup> Street, and the area between the curb and sidewalk along each side of N Ankeny Boulevard. The areas to be surveyed in each of the four quadrants are generally described as being between the roadway pavement gutter section to 5-ft outside the existing right-of-way, and along the intersection return to 10-ft beyond the PC and PT end points.
- h. A boundary survey will be performed to establish the existing right-of-way at each quadrant of the four intersections within the project limits. The Polk County's Assessor and Recorder sites will be researched to obtain recorded easement information on parcels adjacent to each intersection.
- i. Provide known existing utility information based on record information, surface evidence, as-built drawings, and utility company field locates. This service includes contacting Iowa One Call, following Chapter 480 of the Iowa Code, to locate existing public utilities on the site, and performing a field survey locating visible utilities and the location of below grade utility locates by Iowa One Call. Private utility locates are not included with this service and if known will be shown as map location. Specific information required for that purpose should be provided by a specific scope of services. However, this service can be provided upon request with additional fees. This service of utilities shown in conjunction with ASCE Standard CI/ASCE 38-02 constitute a Quality Level "C" Subsurface Utility Engineering survey as outlined below.

Quality Level "C" involves surveying visible above-ground utility facilities, such as manholes, valve boxes, posts, etc., and correlating this information with existing utility records. When using this information, it is not unusual to find that many underground utilities have been either omitted or erroneously plotted. Its usefulness, therefore, should be confined to rural projects where utilities are not prevalent, or are not too expensive to repair or relocate.

### 3. PRELIMINARY DESIGN AND PLAN PREPARATION

The PROFESSIONAL will perform preliminary design and prepare plans to include:

- a. Plan and vertical geometry information for proposed median and sidewalk improvements.
- b. Landscape enhancements through the project corridor from north of 1<sup>st</sup> Street to the north leg of the 18<sup>th</sup> Street intersection. The landscape enhancements shall include raised medians along the project corridor, and improvements in the quadrants of the intersections with 5<sup>th</sup>, 9<sup>th</sup>, 11<sup>th</sup>, and 18<sup>th</sup> Streets. The design of the improvements shall be similar to the previously accepted concept design, which includes colored pavements, textured pavement surfacing, amended soils, plantings, irrigation for plantings, and grass turf areas.
- c. Identification of curb and gutter sections in poor condition along the raised medians to replace with the PROJECT.
- d. One meeting with the CLIENT to review preliminary design comments received from the CLIENT and Iowa DOT. Preliminary plans will be submitted to Iowa DOT for review and comment in advance of this meeting.
- e. Preliminary design and meeting memorandums.
- f. Engineer's Opinion of Probable Construction Cost for the PROJECT.

### 4. FINAL DESIGN AND CONSTRUCTION PLAN PREPARATION

Upon receipt of preliminary plan review comments from the CLIENT and Iowa DOT, the PROFESSIONAL shall prepare construction documents for the PROJECT.

- a. The PROJECT will be phased to construct the concrete, traffic signal, and fiber optic improvements in 2021 (Phase 1); and the landscaping and irrigation improvements in 2022 (Phase 2). Final design will be performed and a plan set will be prepared for each phase.
- b. Concrete and Traffic Signal Improvements – Phase 1. The PROFESSIONAL shall complete the final design, plans, specifications, and bid documents for the improvements for the established scope for the PROJECT and furnish a copy of these documents to the CLIENT and Iowa DOT for review and approval prior to final acceptance and distribution for

a local letting. This phase will also involve the development of project details, general notes, final plan contract drawings, construction limits, control reference notes, erosion control, staging, and coordination.

The project information will include full plan sheets including A-, B- and C- sheets; plan view sheets (D-sheets), staging and traffic control (J-Sheets), horizontal and vertical geometry and jointing (L- and S- Sheets) and traffic signal sheets (N- Sheets). Specifications may include Special Provisions to supplement Iowa DOT or SUDAS standard specifications.

It is anticipated the Iowa DOT may specify any construction requiring the closure of lanes along N Ankeny Boulevard (US Highway 69) will be performed at night. It is anticipated side street closures will be utilized to complete construction of concrete and traffic signal improvements during daytime hours in the quadrants of each intersection. The staging and traffic control (J-sheets) will be prepared to reflect this, and will coordinate with potential detours and side street closures associated with the West 1<sup>st</sup> Street project.

Refer to Article I.B.5 for the Traffic Signal Design and Plans scope of services, and Article I.B.6 for the Fiber Optic Upgrade Design and Plans scope of services.

Landscape and Irrigation Improvements – Phase 2. The PROFESSIONAL shall complete the final design and prepare final plans, specifications, and bid documents for the improvements for the established scope for this project phase and furnish a copy of these documents to the CLIENT and Iowa DOT for review and approval prior to final acceptance and distribution for a local letting. This phase will also involve the development of project details, general notes, final plan contract drawings, construction limits, control reference notes, staging, and coordination for the intersection quadrants and raised medians.

The project information will include full plan sheets including A-, B- and C- sheets, plan view sheets (D-sheets), and staging and traffic control (J-Sheets). Specifications may include Special Provisions to supplement Iowa DOT or SUDAS standard specifications.

It is anticipated the Iowa DOT may specify any construction requiring the closure of lanes along N Ankeny Boulevard (US Highway 69) will be performed at night. It is further anticipated side street closures may be utilized to complete installation of landscaping and irrigation improvements during daytime hours in the quadrants of each intersection. The staging and traffic control (J-sheets) will be prepared to reflect this, and will coordinate

with potential detours and side street closures associated with the West 1<sup>st</sup> Street project.

- c. Final Opinion of Probable Construction Cost. Prepare a final opinion of total probable construction cost based on the design developed. Submit to CLIENT and Iowa DOT.
- d. Permits: Prepare and submit to CLIENT and Iowa DOT required Iowa DOT work in right-of-way permit applications.

## 5. TRAFFIC SIGNAL DESIGN AND PLANS

The PROFESSIONAL shall perform design and prepare plans for the traffic signal improvements as follows:

- a. Utilize project base mapping and sidewalk/ pedestrian ramp designs to prepare traffic signal modification plans for the N Ankeny Boulevard intersections with 5<sup>th</sup> Street, 9<sup>th</sup> Street, 11<sup>th</sup> Street and 18<sup>th</sup> Street. Signal modifications will consist of providing Accessible Pedestrian Signals (APS) with additional pedestal poles, as needed.
- b. Prepare preliminary traffic signal layouts and provide to the CLIENT for review. The submittal will include an exhibit at each intersection of the traffic signal layout on S-sheets to reflect the quadrant (curb ramp) improvements.
- c. Prepare traffic signal check plans and provide to the CLIENT and Iowa DOT for review. Check plans are anticipated to include signal notes and estimated quantities, signal layout, signal wiring, and signal details.
- d. Prepare cost opinion for traffic signal modifications, for inclusion in the overall project cost opinion.
- e. Complete final traffic signal modification plans, based on CLIENT and Iowa DOT comments received.
- f. Prepare an Iowa DOT traffic control device permit application and submit to CLIENT. The CLIENT will submit the permit application to Iowa DOT.

## 6. FIBER OPTIC UPGRADE DESIGN AND PLANS

The PROFESSIONAL shall perform design and prepare plans for the fiber optic upgrade as follows:

- a. Provide utility verification test holes using nondestructive digging equipment to establish vertical and horizontal location (Quality Level A) of existing utilities potentially in conflict with the proposed improvements. This includes an estimated ten (10) utility test holes.
- b. Prepare check plans for fiber optic upgrade in new conduit along N Ankeny Boulevard between 1<sup>st</sup> Street and 18<sup>th</sup> Street. Submit check plans to CLIENT and Iowa DOT for review. Check plans will be submitted to the CLIENT and any comments addressed prior to submitting check plans to the Iowa DOT. Check plans are anticipated to include the following:
  1. General notes, estimated quantities and estimate reference information.
